About Boralex

Boralex is a major independent power producer whose core business is the development and operation of power stations that generate renewable energy. Employing over 300 people, the Corporation operates 41 power stations with a total installed capacity of 650 megawatts (“MW”) in Canada, in the North-eastern United States and in France. In addition, the Corporation has, alone or with its European and Canadian partners, power projects under development that will add almost 300 MW of power, of which almost 50 MW will come online by the end of fiscal 2010. Boralex is distinguished by its diversified expertise and in-depth experience in three power generation segments – wind, hydroelectric and thermal. Boralex shares and convertible debentures are listed on the Toronto Stock Exchange under the ticker symbol BLX. More information is available at www.boralex.com or www.sedar.com.
